Dear Minister Rousselle:

On May 25, 2015, the Anglophone North School District Education Council voted in favor of engaging in a sustainability study of the North and South Esk Regional High School and the North and South Esk Elementary School under the process of revised Provincial Policy 409: Multi-Year Infrastructure Planning. This study will explore the sustainability of operating North and South Esk Regional High School which meets a trigger with an occupancy of less than 30%, and will also explore the sustainability of North and South Esk Elementary School.

Public meetings will begin in September of 2015. Meeting dates have yet to be finalized but will be forwarded to you once they are set.

Should you have any questions or concerns, please do not hesitate to ask.

Sincerely,

Micheal Mortlock, Chair
