

October 27, 2015

Mr. Micheal Mortlock, Chair
District Education Council
Anglophone North School District
78 Henderson Street
Miramichi, NB E1N 2R7

Mr. Mortlock:

Thank you for your letter on behalf of the District Education Council (DEC) for the Anglophone North School District requesting a three-year exemption from further sustainability studies of Napan Elementary School.

I have reviewed the documents relating to the sustainability study of Napan Elementary School. Given the results I approve your exemption request for a period of three years in accordance with section 6.4.3 of *Policy 409 Multi-year School Infrastructure Planning*. If within that period, however, circumstances evolve such that a sustainability study would be deemed appropriate by the DEC, please be advised that the council has the authority to take such action at any time.

I am grateful to you and the members of your District Education Council for your continuous management of school resources. The sustainability studies are a difficult but necessary process to ensure that limited resources are used effectively to provide appropriate educational support to students. Your efforts are greatly appreciated.

Sincerely,

Hon. Serge Rousselle, Q.C.
Minister

C. Ms. Beth Stymiest, Superintendent, Anglophone North School District
Mr. Thomas Weber, Director, Educational Facilities and Pupil Transportation
