

Event ANNOUNCEMENT - APEGNB Pumpkin Fling Community Event Sept 28, 2013

- Noon registration 1- 4:30 pm

NBCC Miramichi and the Historic Chatham Business District Organizers are proud to announce the annual "APEGNB Pumpkin Fling 2013" for Sept 28, 2013.

Presented by Engineers and Geoscientists New Brunswick (APEGNB), NBCC Miramichi and Sunny Corner Enterprises, the APEGNB Pumpkin Fling was conceived by members of the APEGNB's Northeastern Branch as a way to encourage kids to pursue careers in science and engineering. Prizes are awarded for those pumpkins that land closest to the trampoline target in the river. With pumpkin painting, pumpkin auctions and a gourd roller coaster things get more science every year! New events including Pumpkin Rebounder, Pumpkin Bowling, Pumpkin Toss, Angry Pumpkins and Upgraded Plinko boards.

Some other highlights include the great Rotary chilli cook-off and the new Science events for this year. We want to encourage everyone for coming out for this fall festival event. Thanks to NBCC Students from the Applied Arts Electronic Game Programs for their support. Thanks to the Major sponsors APEGNB, NBCC Miramichi, Sunny Corner Enterprises, Historic Chatham Business District, City of Miramichi, and all the volunteers. Proceeds go to the kids breakfast programs. The APEGNB Pumpkin Fling is proud to be associated with other community-minded businesses such as the City of Miramichi Recreation Department, Lockerbie Farms, Miramichi River Boat Tours, Rodd Inns and Suites, All Decked-Out, Tozer's Insurance, Canadian Dollar Store, BMO, Station Wharf Marina, and Country Charm Bakery.

Thanks also to the many staff and student volunteers from the Applied Arts Electronic Game's department at NBCC Miramichi for their generous support
